When offered for real estate CE credit, courses must conform to Rule 61J2-3.009. All Florida real estate licensees earning real estate CE credit must be provided with a grade report, as specified by Rule 61J2-3.015 that contains: the provider's name and address; course title; number of hours earned; start and finish date of the course; student's license number; student's name and address; and authorized signature.

The Department of Business and Professional Regulation audits real estate licensees. In the event of such an audit, grade reports must be provided to Department personnel. For this reason, please advise students that their original grade report should be retained for a minimum of two years following the end of the renewal cycle in which they use the education for license renewal.

The Florida Real Estate Commission appreciates your support in maintaining quality education for real estate licensees. Forms requesting course and instructor evaluations can be can be obtained from our web site: [www.myflorida.com](http://www.myflorida.com).

Sincerely,
